Scegliere ora se la posta in arrivo la vogliamo scaricare (**POP**) o sincronizzare (**IMAP**), cliccando in alto.

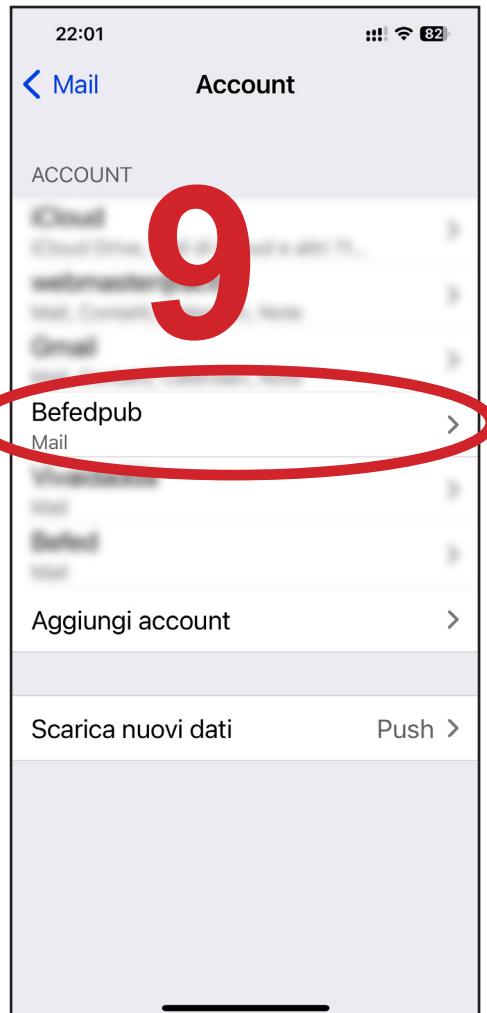

Compilare poi il resto dei dati come dagli esempi.

Al termine clicca in alto a destra il pulsante SALVA o AVANTI

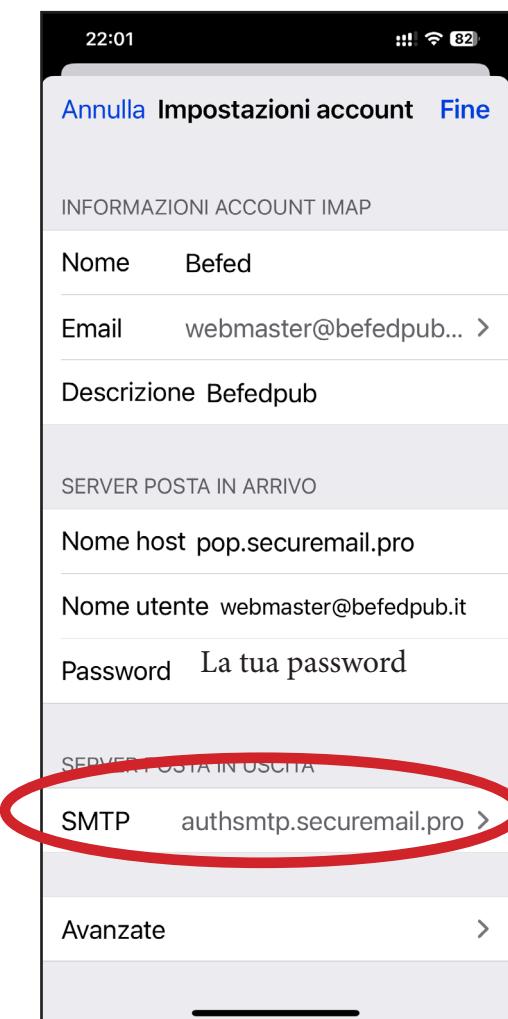

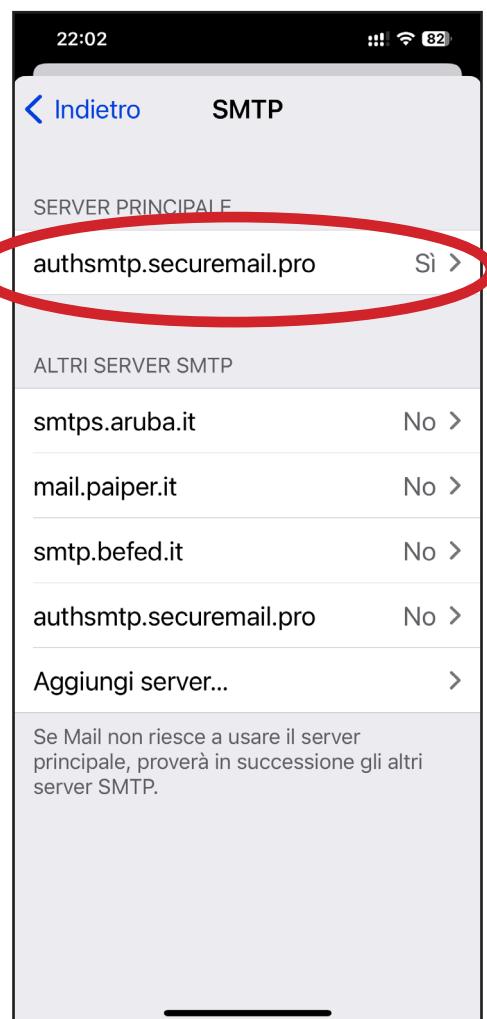

Se esce un errore, confermare lo stesso. Se chiede una seconda verifica SSL, confermare e proseguire.

Al termine dopo la conferma degli errori rientrare e cliccare sull'account appena creato
